IV. Eligibility Requirements

A college scholarship, in the amount of US\$ 100.00, is meant to cover the yearly tuition rates required to attend the University of Liberia or any other public College/University. The aim of the Liberian Development Foundation (LDF) College Scholarship Program is to allow motivated and successful students, who lack the needed financial resources, to pursue higher education. In order to be eligible for a scholarship, a student must meet both financial and merit requirements, as established below, and must be a resident of Liberia at the time of the application.

Income requirements

- Total household income must not exceed US\$1,000 per year.

Merit requirements

- Current college students: GPA must be 3.0 or higher.
- High school graduates who are enrolling in college: minimum yearly average must be 85% or higher.

IMPORTANT. Attach copies of the following documents to this application

- A document certifying current enrollment in high school or college (on the letterhead of the school/college)
- A document certifying current scores (on the letterhead of the school/college)
- A document certifying total household income

Please make sure to meet both Income and Merit requirements before submitting your application, and attach the required documentation. Applicants who do not meet the eligibility requirements and/or fail to submit the required documentation will not be considered.

V. Scholarship Regulations

Students funded by scholarships are expected to take active and full part in the school program for the year being covered, and satisfy the established merit/income requirements throughout the year. 50% of the scholarship funds will be provided at the beginning of the first semester and remaining funds will be provided only if attendance and merit/income requirements are met throughout the semester. Students will be required to provide LDF with proper documentation according to the terms and conditions that will be notified to the recipients upon the payment of the first portion of the scholarship. If a student fails to: (i) provide the requested documentation; (ii) take part in at least 80% of the classes in a given semester; or (iii) maintain the minimum merit and/or income requirements throughout each semester, LDF reserves the right to revoke the scholarship and withhold funds for the next semester.

LDF reserves the right to award scholarships to the most deserving students, based on the above mentioned requirements. Selections are made at LDF's sole discretion, and decisions regarding scholarship recipients are final. Scholarships are assigned for a period of two consecutive semesters and will not automatically renew for successive terms. Students seeking financial support for another year will need to submit a new application. LDF reserves the right to award scholarships on a continuous basis, upon availability of funds.
