PART 2

Transportation to and from school can be carried out safely only if there is complete co-operation between the students and drivers. The bus drivers are responsible for the safety of their passengers. They must be as free as possible to devote full attention to driving safely. Any distraction caused by passengers makes the job more difficult and compromises the safety of all.

For the safety of the students, the following rules must be strictly observed:

- The driver and all other passengers must be treated with respect. Hurtful behavior towards others (including bullying) is unacceptable.
- Students must enter and exit the bus in an orderly manner and remain quiet while on the bus. No shouting or loud noises.
- Students must remain in their seats. No standing, changing seats, or moving about while the bus is in motion.
- The bus must be respected and treated with care. Vandalism of any type will not be tolerated.
- Students must always cross the road in front of the bus after receiving the driver's signal to go ahead.

By signing below, students and parents are signifying that the bus rules are fully understood.

Failure to adhere to these rules by a student may lead to either a specific seat assignment by the bus driver, a temporary suspension of bus riding privileges or a complete withdrawal of bus riding privileges.
