The law clearly states that you do not need to retain the services of a lawyer, a professional will-writer or any other person who is connected to the legal system in any way or form to write your Will for you.

You can legally write your own Will yourself!

The Original Malaysian Legal Will Kit is designed by lawyers to provide detailed but simple and easy to understand instructions on how you can easily write a legal, valid and binding Will without having to disclose your assets and financial position to any person other than yourself.

#### **The Original Malaysian Legal Will Kit contains:**

1. A Concise and Easy to Understand Instruction Book that will completely teach you how to write your own Will yourself
2. Two (2) Solicitor-prepared blank Will Forms that once properly filled in and executed, will become a valid and binding Will in the eyes of the Malaysian Courts
3. A Bonus Instruction Manual for Executors that explains the correct and most efficient ways the Executor can carry out his or her duties
4. A Protective Will Folder to complement and protect the Will over time
5. A Will Location Card to properly identify the location that the Will-maker has kept his Will in

#### **About the Author**

KENNETH KHOO has been practicing as an Advocate and Solicitor of the High Court of Malaya for the last four (4) years and is currently attached to the boutique estate planning and information technology law practice of Vello & Associates in Penang, Malaysia.

He holds the degrees of Bachelor of Commerce (Monash) and Bachelor of Laws (Monash), Post Graduate Diploma in Applied Finance and Investment (Securities Institute of Australia) and Master of Finance with Distinction (RMIT University).

Apart from legal practice, he also lectures in the areas of Australian Taxation, Contract Law, Business Law, Management, Accounting Theory and Corporate Finance for the Diploma in Business Studies and Bachelor of Commerce Programs that are taught by Distel-Stamford College.

He is currently carrying out empirical research on the various cognitive elements of crowd psychology on the prices of securities as part of his research for his PhD dissertation.
