Guidelines

The following are guidelines on how to use the form, but at all times bear in mind common sense. e.g. - if photographing a field and someone happens to be walking across this but their face can not be seen it may not be necessary to complete a form.

Inform people

- Context of the image
- Intended use of image

Taking photos

- Written permission is required from all persons in photograph but if it is a large group it may be preferable to ask if one is able to sign for all
- If people are identifiable (even if in a large street scene for example) permission is required from all persons
- Inform group/individual images will be used in context
- Ensure a consent form has been signed
- If a specific house/property is being identified permission from the owner must be sought

Children and vulnerable adults

- Permission must be sought from parent and/or carer and consent form must be signed
