Walk on the wild side

**Longitudinal and emerging trends**

A one-day symposium for health professionals  
examining substance use and society

## NGO/Partner agreement

### Welcome to the 7th annual Walk on the Wild Side Symposium (WOWS)

We would like to invite your organisation to join us at the 2014 Metro North Hospital and Health Service (MNHHS), Walk on the Wild Side Symposium hosted by a group of clinicians, nurses, allied health professionals working in the alcohol and other drug area of healthcare.

This symposium will be held over one full day on Friday, 16 May 2014 in the Education Centre at the Royal Brisbane and Women's Hospital.

The conference attracts delegates from across Queensland working in acute care facilities and those working with others affected by alcohol and other drugs to examine substance use and society as well as the latest in treatment and research.

We expect approximately 150 delegates from across Queensland will attend in 2014.

The program includes innovative presentations; evidence-based clinical care initiatives; workshops supported by expert panel discussion and question time (a copy of the program follows).

Delegates can expect to be engaged, educated, and entertained. Networking is a key objective and delegates will have ample time to interact in the trade display area during breaks held each day.

Trade Registrations close Wednesday, 30 April 2014.
