

QUEST SCIENCE FAIR GRANT PROPOSAL

Thank you for your interest in applying for a science fair grant through Quest! All funds awarded through this program are to be used towards the building and completion of a science fair idea or engineering project for the Arizona Homeschool Science and Engineering Fair in February.

Please keep in mind that the project may be completed by a single student or an approved group of students. However, if you are selected to go forward and participate in the regional, state or international science fairs (SARSEF, AzSEF & ISEF), only groups of no more than three are allowed.

We are very much looking forward to seeing what you create and engineer!

Student(s) Name(s): _____

Approx. Grade Level(s): _____

Address: _____

Phone: _____

Email: _____

Problem: What is the problem you are trying to solve or the question you are trying to answer?

Background Research: What led you to this problem? A summary or outline is acceptable. (you may use the space below or attach a separate document):

Have you or someone else pretested your idea OR built a prototype yet? If yes, please explain. If no, please attach your methods OR prototype plans.

What materials will be needed for this project (please include quantities and cost)?

What are the potential hazards and risks associated with this project? Have you received SRC approval if required? How will you minimize these risks?

How is your project going to show a positive advance in the science of your idea OR how will your prototype benefit the target group you are designing it for?

Approximate Starting Date: _____ **Approximate Completion Date:** _____

***You are expected to complete your work in time to present your project at the prefair.

Name of Parent or Mentor overseeing the project: _____

Once approved, the student will receive a check from Quest to be used towards the purchase of materials for their project. If the student decides to drop out or discontinue their project, all funds will need to be returned to Quest **no later than** the date of the science fair in February.

In addition, if there is any reusable equipment purchased for your project to aid in testing or building, it will become the property of Quest upon completion of your project so we can add it to the Quest library.

By signing this form you acknowledge and agree to the terms of this grant if you are selected.
