

Transfer of Account Ownership Form

VanEck Account Assistance: 1.800.544.4653

Please use this Transfer of Account Ownership Form ("Transfer Form") to transfer (change) the ownership registration of existing mutual fund shares of the VanEck Funds in a non-retirement account to another account ownership registration for an existing or new account. This Form is to be used for the "in-kind" transfer of shares (not used for selling shares or exchanging shares for another fund/class). Unless a transfer is to an existing account, we require a completed VanEck Funds Account Application from the receiving new owner to establish the new account receiving the transfer of shares. Applications and Forms are available at www.vaneck.com or by calling VanEck Account Assistance. If you are only changing your name due to marriage, you do not need to complete this Form and should call us instead. Please call us with any questions and to ensure that any additional required documentation specific to your situation is provided with this completed Transfer Form.

² There is a special rule under estate tax law that allows the executor (the person(s) who can legally act on behalf of the estate) to elect a different valuation date. Before electing an Alternate Date or Value, please consult your tax advisor for more details and advice specific to your situation.

³ If Gift is selected as a reason for transfer, the receiving account new owner must acknowledge whether they will agree that the gifted shares will be valued at the fair market value of the date of the gift or the settlement date if the shares should be transferred at a loss. Complete and sign in Section 5.B below.

If a reason is not provided, this transfer will default to Gift as the reason for transfer.

Any shares to be transferred that are issued in certificate form must first be returned for deposit into the existing account. All existing account owners must sign this form, exactly as their names appear on the existing account registration. In the case of estates, trusts, guardianships, custodianships, partnerships, and corporations, please attach additional documents showing the signer's legal authority over the account, or as requested by VanEck Funds or its transfer agent. A medallion signature guarantee stamp is required below for each current existing owner when this form is signed and may be obtained from a bank, brokerage firm, and some other financial institutions, where the owner has a financial relationship. A notary public is not acceptable. If you are obtaining a non-medallion signature guarantee stamp, please contact us for additional documentation requirements to complete your request. However, if you are transferring a joint account with rights of survivorship into the name of the surviving joint owner(s) due to the death of a joint owner, a signature guarantee is not required.

B. Receiving Account New Owner(s)

Do not complete this section unless "Gift" is selected in Section 3 as the reason for the transfer of shares. If "Gift" is selected, please complete this section to ensure accurate cost basis reporting, and all new account owners must sign below. A medallion signature guarantee stamp is required below for each new owner when this form is signed and may be obtained from a bank, brokerage firm, and some other financial institutions, where the owner has a financial relationship. A notary public is not acceptable. If you are obtaining a non-medallion signature guarantee stamp, please contact us for additional documentation requirements to complete your request.

By signing this Form below as the new account owner receiving shares transferred as a gift into an existing account, I agree that the gifted shares will be valued at the fair market value of the date of the gift or the settlement date if the shares should be transferred at a loss (unless I have checked the box below).

Check this box only if you are receiving gifted shares that will be transferred into an existing account for you, and you do NOT agree that the shares should be valued at the fair market value of the date of gift or the settlement date if the shares should be transferred at a loss (which may change the cost basis of any shares already in your existing account). Instead, you agree that a new, separate account will be established for these gifted shares and the cost basis method used will be First-In, First-Out (FIFO).
