1. How has your course work over the last two semesters contributed to advancement toward the completion of your degree program?

Have you had any difficulty finding appropriate courses? If so, explain.

2. List the areas in which you still need to complete course work.
3. List the titles of recent research papers and other writings, published and unpublished, including the topics of any work in progress.
4. Briefly describe any other activities relevant to your graduate experience (e.g. teaching assistantships, readerships and community and campus activities).
