11. Your obligations under your **home loan documents**, and any other amounts you owe us under any other agreements, are secured by the security you gave or will give us now or in the future. 13. Your obligations under your **home loan documents**, and any other amounts you owe us under any other agreements, are secured by any other security you gave or will give us now or in the future. However, we may agree with you that certain types of debt are not secured by a particular security. If we do so, that security will not secure that debt. If you did not pay us the amounts you owe us, we could sell any **property** that is subject to a security.

Method of charging interest

14. If you have a **table portion**, interest on it is calculated on a daily basis by applying the **daily interest rate** to the **daily balance** of each component of your **table portion**. If you have an **offset variable component**, any credit balances of your **offset everyday banking and savings and investments accounts** will be taken into account for interest calculation purposes, and the amount of interest you will be charged on the **offset variable component** will be reduced if you have a credit balance in those accounts. Interest will be charged from the day you first borrow money under your **table portion** until your **table portion** is fully repaid.
15. If you have a **revolving portion**, interest on it is calculated on a daily basis by applying the **daily interest rate** to the **daily balance** of your **revolving portion**. Interest will be charged from whenever you borrow money under your **revolving portion** until your **revolving portion** is fully repaid.
16. The **daily interest rate** is the **interest rate** divided by 365. Interest on any **table portion** is debited to your **home loan** on the **regular payment date**. Interest on any **revolving portion** is debited to your **home loan** on the last day of each calendar month during the **term**. However, when you repay your **home loan** in full, interest is charged up to but excluding the day that the payment is credited to your **home loan**.

Credit fees and charges

17. Please refer to the enclosed Personal Banking Fees and Limits brochure for the fees payable under or in connection with your **home loan**. In addition to those fees, if we incur any **costs** in relation to your **home loan**, then you must pay us the amount of those **costs**.

Default interest and default fees

18. If you do not pay an amount when due under your **home loan** or exceed the **maximum credit limit** of your **revolving portion**, we will charge you interest at the **default rate** on that overdue / over limit amount calculated on a daily basis by applying the **daily default rate** to that overdue / over limit amount each day from the date that amount was due or you exceeded your **maximum credit limit** (as applicable) until the date it is fully repaid or you are within your **maximum credit limit** (as applicable). The **daily default rate** is the **default rate** divided by 365. Default interest is debited to your **home loan** on the **regular payment date** or the last day of each calendar month. If we ask you to repay any part of your **table portion** early, we will only charge default interest on the amounts that are unpaid after their original due date. We may add any default interest that is due but unpaid to the principal amount of any portion of your **home loan**.
19. We will charge you a default fee (as set out in the enclosed Personal Banking Fees and Limits brochure) if you are in default and we have demanded repayment of the **amounts owing**.

Early repayment

20. Please refer to the enclosed Kiwibank Home Loan Terms and Conditions and Personal Banking Fees and Limits brochure which sets out the **fixed rate break costs** and fees that will be payable if you repay all or part of a **fixed component** early. **Fixed rate break costs** are a genuine estimate of our loss resulting from a change in the payment terms of a **fixed component** calculated by taking into account our **costs** of having to break our funding arrangements. **Fixed rate break costs** are calculated as set out in Kiwibank's Home Loan Terms and Conditions. We do not use the formula prescribed in the Credit Contracts and Consumer Finance Regulations 2004.
