

HUMAN SUBJECTS RESEARCH PROPOSAL FORM

HUMAN SUBJECTS RESEARCH - D'YOUVILLE COLLEGE INSTITUTIONAL REVIEW BOARD

(Please TYPE or WRITE CLEARLY)

Researcher: _____ Date: _____

1. Are subjects exposed to any possibility of:

Risk:

Y: N:

physical

☐ ☐

psychological

☐ ☐

Discomfort:

Y: N:

physical

☐ ☐

psychological

☐ ☐

If yes, describe how subjects are exposed, the methods to be used to protect subjects, and what will be done to restore physical and psychological homeostasis.

2. What are the possible benefits that can be derived by subjects who participate in the research?

3. What are the possible benefits that can be derived from the research?

4. Please indicate below whether subjects are members of a vulnerable population. If yes, explain why the research is not conducted with members of less vulnerable populations, and what special protections or safeguards will be used to protect the welfare of members of a vulnerable population. Check all that apply.

☐ No, subjects are not members
of a vulnerable population

Y: N:

☐ ☐

children

☐ ☐

economically disadvantaged

☐ ☐

educationally disadvantaged

☐ ☐

institutionalized persons

Y: N:

☐ ☐

mentally disabled

☐ ☐

pregnant women

☐ ☐

prisoners

☐ ☐

other (specify)

**HUMAN SUBJECTS RESEARCH PROPOSAL
D'YOUVILLE COLLEGE INSTITUTIONAL REVIEW BOARD**

5. Are subjects exposed to deception? If so, explain how, why it is necessary, and possible risks or discomforts for subjects (attach additional pages as needed). Y: ☐ N: ☐
6. Are subjects exposed to coercion? If so, explain how, why it is necessary, and possible risks or discomforts for subjects(attach additional pages as needed). Y: ☐ N: ☐
7. If either question 5 or 6 was answered yes, explain debriefing procedures to be used to desensitize, dehoax, or otherwise inform subjects of the true intent of the research and why deception and/or coercion was necessary (attach additional pages as needed).
8. What is the relationship between the researcher and the potential subjects? Explain how the potential subjects will be protected from coercion during the recruitment and research processes based on this relationship (attach additional pages as needed).
9. How will subjects' data be maintained?
____ anonymous (subjects are unknown to the researcher)
____ confidential
10. How long will subjects' data be stored?
____ at least 3 years
____ at least 6 years
11. Where and how will subjects' data be securely stored and maintained?
12. How will research findings be disseminated to subjects?
13. How will subjects' voluntary informed consent be obtained and documented? Specify any accommodations made to the consent form or consent process for special populations.
