FYI: Community service and volunteering is “action helping to meet a genuine need to better the community as a whole.” Community service is fun and rewarding! You are not paid for doing it, you are not forced to do it, you do not do it hoping to get something in return, and you do not receive a grade for it. If you think something you’ve done constitutes community service, ask yourself how the people in your community or world benefits from it. If you cannot come up with an answer, it is NOT community service! Examples of Community Service: practicing with the band to perform at a charity or benefit to raise money or awareness about an issue (i.e. HIV, Domestic Violence, etc.), tutoring elementary students, singing or doing crafts/games with residents at nursing homes, cleaning up, answering phones, stocking shelves at food pantries, shelters, hospitals, etc.
