Inventory Expert Service

A CA Index Name is the standard output for substances submitted to the CAS Inventory Expert Service. If your substance has an existing CAS Registry Number®, it will also be provided to you. If you would like to have a new CAS Registry Number assigned to your substance, and/or require the "Super Rush" service, please check the appropriate box(es). Please see Client Services price list for current prices.

☐ Please process my order "Super Rush" (additional fee)

☐ Please provide new CAS Registry Numbers for my submitted substances.

I acknowledge and understand that the identities of these substances are non-confidential and will be disclosed publicly.

Note: If you request assignment of a CAS Registry Number for a substance not already present in the CAS Registry System, that assignment will make your substance publicly available in the CAS RegistrySM File. Customer identity information will be kept confidential. **If you wish to maintain confidentiality for your substance's identity**, you should request only a CA Index Name and **not** a new CAS Registry Number.

A signature below is required before the requested Inventory Expert Service will be performed. This acknowledges acceptance of the CAS Client Services Terms and Conditions and CAS Information Use Policies.
