When you have completed Section A of this form, you should take it to your Tutor to discuss your application. If you are a home student, you should attach a copy of the "Financial Assessment" for the current year (and previous years if relevant) issued to you by your Local Education Authority. Your Tutor may need to ask you additional questions, for example about whether your funding organisation has been approached for assistance, and also about whether or not your family is in a position to contribute, if your hardship has resulted from the failure of some form of family obligation. Your Tutor will then need to complete Section B of this form, giving an opinion about the gravity and urgency of your request.

SECTION B: (to be completed by the applicant's Tutor)

(In completing this part of the form, Tutors are asked to bear in mind the advice given in the accompanying notes)

Tutor's observations on the reasons for the financial hardship, and the gravity and urgency of the problem.

I am satisfied that the details provided by the applicant in Section A of this form as, to the best of my knowledge, accurate.
