

ITEMIZED CONTRACTOR INVOICE EXAMPLE

When submitting your receipt for the Irrigation Improvement Rebate, please provide an “itemized” invoice that clearly lists each qualifying item and its costs, and indicates that the invoice has been paid in full. Ask your landscape professional to format the itemized bill as shown below. While the sample invoice includes all costs associated with the job, this rebate only covers the cost of the materials. Costs per unit must not exceed the manufacturer’s suggested retail price (MSRP). Please refer to the application form for additional information, including complete terms and conditions.
