

## MIDDLE SCHOOL VERIFICATION OF STUDENT SERVICE

Park Tudor believes that our students, being responsible citizens of the world, should perform voluntary service to their community. Students are encouraged to complete service to their school, to their church, synagogue, temple or mosque, or to their local and/or global community.

In order to recognize that service, students are asked to complete this verification form. It may be completed by the student, but the verification signature must belong to the student's parent(s), the adult for whom the service was done, or an adult responsible for the service project.
