

Lynn Magruder, President
South County Collaborative

March 25, 2011

Dear Lynn,

It is with a heavy heart that I make this decision to resign as treasurer and board director member of the South County Collaborative, effective immediately.

I feel that I can no longer serve as treasurer and board member based on the position and action, or lack thereof, the board has taken in the Francisco Dominguez embezzlement. As a businessman, supporter of other non-profits and life-long member of this community I won't be part of a board decision to let Francisco get away with criminal behavior by simply allowing him to return the \$52,269 he stole.

Please remove my name from all official documentation and publications as treasurer and board member, including signatory on all bank accounts, the list serve and with the Secretary of State. Enclosed is my key for the post office box.

I am willing to assist in the transition of the bookkeeping/accounting over a short period of time.

Remember that the tax returns for the past two years, especially last years (6-30-10), may need to be amended as they were prepared using inaccurate or fraudulent information provided by Francisco.

I admire your hard work and dedication.

John Blaettler
