

### Credit Report Authorization Form

I hereby authorize Santander Bank, N.A. to obtain my consumer credit report through a credit reporting agency chosen by Santander. I understand and agree that Santander will obtain my consumer credit report initially and on a periodic basis from time to time as it deemed appropriate for the purpose of evaluating my company's application for approval and continued eligibility for Santander's Third Party Origination program. Santander credit policy requires that individual owners of non-public companies authorize a credit profile review initially and periodically thereafter as part of Santander's recertification process.
