The Rev. Milton T. Thomas  
Route 3  
Martinsburg, W. Va.

Dear Brother Thomas:

Your letter written for the Martinsburg District ministers and expressing appreciation for my work has been received with deep gratitude. It came at a time when the sincere regret of my heart at being compelled to give up my work here because of health conditions was especially hard to bear. A good word at such times helps more than you know.

Will you please remind the brethren of your district that the battle for spiritual emphasis at Shenandoah is not yet won and will require eternal vigilance both upon the part of the ministers and the administration in the obtaining of the kind of persons needed on our staff and administration for such emphasis. Be assured that I will continue to be vitally interested in the work at Shenandoah and will use my personal influence to make and keep it a place of high spiritual standards.

Let me thank you again sincerely for the very welcome letter.

Your brother in Christ,

Troy R. Gredy, President
