To whom it may concern.

I have known Jason Bruner for a year I offered him a job as Executive Chef of Atlantic Cove while it was under development. Jason proved himself to be a real asset to me and the staff of Atlantic Cove, Oishi and Thai Thani. All 3 restaurants are located together across from Sea World on International Drive.

He was responsible for scheduling staff, Menu development with my guidance and the owner's approval and training all culinary staff to open this 175 seat venue. Upon opening Jason supervised all product inventory including a dozen fresh seafood items. Jason is a talented culinary professional. His knowledge and training covers a vast variety of foods. He acts professionally in all situations.

I would welcome the chance to answer any more questions you may have about Jason. Please feel free to call or write me.

Jeffrey Coyle C.F.B.E.
