Department of Statistics**EMPLOYEE INFORMATION FORM*****Information provided by new employees***

We require that you complete the three questions on this form. It is essential that you give your name so that we can assign your information correctly. By giving your date of birth you assist us in assuring that we do not assign your information to someone with the same name. Please circle the number next to the race category which best applies. After completing the form please sign it, fold it and return it to your employer.

Why Race? Race is an internationally recognized key item of demographic data, which allows for informed decisions to be made regarding equal opportunity in the workplace.

Survey Definition of Race: Webster's New Twentieth Century Dictionary – Unabridged, Second Edition defines race as any of the three major biological divisions of mankind, the Caucasian (white), Negroid (black) and Mongoloid (yellow) each with various sub-divisions. The survey categories used for the race question are based on Webster's definition but are tailored to suit Bermuda's racial composition. The seven categories used are: Black, White, Asian, Black & White, Black & Other, White & Other and Other Races.
