

Hickory Grove Greenhouses Landscaping Design Form 610-264-2131

In order to help you make the best planting choices for your landscape project, please complete this form. Please be as accurate as possible with measurements. You may email Jann pictures: hgg308@yahoo.com. Please put 'landscape pictures' in the subject line.

1. Measurements including placement of windows, doors, walkways, driveway, existing trees, sheds and other buildings that would have an impact on the area to be landscaped. Please indicate trees, fences, etc. that cast shade on the intended landscape. Drawings and pictures work best. (Drawings do not have to be drawn to scale.)

2. Approximate number of hours of direct sunlight this area receives and at what time of the day (morning or afternoon)? _____

3. What other plants have you grown in this location before, and how well did they grow there?

4. Is the area a protected or windy location? _____

5. What is the soil condition in this area? Clay, shale, sandy, well-draining, standing water? Bring us a sample if you're not sure.

6. How much time do you want to spend on plant maintenance? i.e. – you like to putter in the yard a lot OR too busy...as little time as possible OR somewhere in between.

7. Are you trying to accomplish something other than beauty? i.e. – privacy or sound barrier, edible fruits, shade, drainage, fall color, keep the neighbor's dog out, attract birds & butterflies, etc.

8. Do you have color preferences?

9. Do you have any animals that roam the yard? Dogs, cats, deer, rabbits, mice? Some plants are more inviting for them to nibble on than others.

10. Do you prefer evergreen or deciduous shrubs or a combination? Would you like perennials and/or annuals incorporated into the garden for additional color?

11. Other helpful information that will assist us in designing your garden? _____

12. Special concerns _____
