

MEDICAL ASSESSMENT

(REGISTERED MEDICAL PRACTITIONER TO COMPLETE)

Applicant's Victorian driver licence number

This medical examination must be conducted in accordance with the national medical standards described in the current *Assessing Fitness to Drive Guidelines* (The guidelines). These guidelines are available from www.austroads.com.au. The guidelines detail the examination process and the medical criteria for fitness to drive.

Driver accreditation holders must meet the commercial vehicle driver standards set out in the guidelines.

Indemnity

State legislation provides legal indemnity to medical practitioners who conduct an examination and provide CPVV with an opinion based on that examination.

Criminal liability and insurance

Practitioners may be liable under civil law, in cases where a court forms the opinion that they have not taken reasonable steps to ensure that impaired drivers drive only in circumstances that do not place them and other members of the community at increased risk. Professional indemnity insurers are aware of the potential liability of medical practitioners and may reasonably expect medical practitioners to comply with the national medical standards.

Conditions and restrictions

Medical practitioners may recommend conditions which may enhance driver competency or safety and allow the patient to continue to drive (eg. corrective lenses). If you recommend a conditional licence, details of the recommended restrictions and reasons must be provided, otherwise a conditional accreditation will not be considered.

For more information about conditional licences refer to the guidelines.

If you believe that vehicle modifications are necessary (for example hand controls, left foot accelerator), or a prosthesis is necessary to drive safely, or that a local area driving restriction is appropriate, driver assessment is necessary as the patient will need to demonstrate the ability to drive safely with these restrictions.

If you have any doubts about the information required, or wish to discuss the case personally, please contact CPVV directly. CPVV may not accept a medical certificate if it is illegible. Care should be taken to ensure that all relevant details have been completed and can be read.
