Health Service Executive Cross-Border Healthcare Directive: Pro-Forma Invoice

The HSE operates a Cross-Border Healthcare Directive (CBD), for persons entitled to public patient treatment in Ireland who seek to avail of that treatment in another EU/EEA member state under Directive 2011/24/EU of the European Parliament and of the Council of 9 March 2011 on the application of patient's rights in cross-border healthcare, as per the procedures set out in governing EU Regulations and Directives and Irish legislation.

A copy of these Regulations and Decisions, and all other aspects of European Law are available on the website for inspection at <http://europa.eu>. Within these governing EU Regulations and Irish legislation, the CBD provides for the cost of publicly funded healthcare in Ireland to be availed of and the costs to be reimbursed subject to compliance with the applicable administration processes adopted by the HSE in the administration of the CBD. Patients should familiarize themselves with the administration requirements of the HSE prior to availing of cross border healthcare in order to confirm entitlement or otherwise to reimbursement of treatment costs. The HSE has established a National Contact Point (NCP) office for the administration of the CBD in Ireland and the contact details for the NCP are: HSE Cross Border Directive – National Contact Point, St Canice's Hospital Complex, Dublin Road, Kilkenny, Ireland, Tel: 056 7784547 or 056 7784546 or 056 7784556 Email: crossborderdirective@hse.ie
Webpage: <http://www.hse.ie/crossborderdirective>

The CBD allows people normally resident in Ireland and who require public healthcare services to be referred to and avail of such healthcare in another EU/EEA member state. It will be a matter for the patient and/or his/her referring doctor to identify the clinician abroad and satisfy him/herself in relation to the qualifications, quality and safety of the services being availed of in the other jurisdiction. Each country within the EU/EEA has established NCPs and information relating to services in each country may be accessed through these NCPs. Details of the NCPs in Europe are available on <http://europa.eu>. Funding will only be reimbursed for healthcare that is publicly available and/or funded in Ireland and which is not contrary to Irish legislation. Reimbursement will be at the cost of the treatment availed of abroad or the cost of providing the healthcare in Ireland whichever is the lesser. Please note that in the case of inpatient care abroad the HSE will deduct the statutory inpatient levy per day as applies if the patient was accessing the inpatient care in Ireland (except where that maximum has already been reached within the preceding 12 months in Ireland or the patient holds a valid medical card). Healthcare in Ireland is funded through general taxation so the cost of the provision of the care is that funded through general taxation plus the statutory payment the patient would have made here in Ireland.

Payments will only be made to the patient or in the case of a child his/her parent or guardian. No payments will be made to third parties. In the case of a patient's death, reimbursement of the healthcare costs will be subject to the executor of the estate providing evidence of the outstanding liability.

The invoice and receipt submitted for reimbursement must be from the providing hospital/consultant abroad. Only the cost of the medical treatment provided is eligible for reimbursement. The HSE will not reimburse an invoice from a third party e.g. a medical tourism facilitator. If you use one of these companies to organise your trip abroad for the necessary healthcare you should be aware that all fees associated with their services are not eligible for reimbursement by the HSE.

Prior authorisation for all hospital care involving overnight accommodation, is strongly recommended.

This pro-forma invoice should be completed by you and your healthcare provider abroad in English in order to facilitate your claim for reimbursement. The completion of the pro-forma invoice is optional. The aim of this form is to ensure all the information required by the HSE to process your reimbursement claim in a timely and efficient manner is provided. If the pro-forma invoice is not completed in English the patient/applicant will be required to provide a certified translation at his/her own cost. The completed pro-forma invoice should be submitted with the healthcare provider's original invoice and the original receipt and the referral letter from the referring Irish or clinician abroad. Reimbursements will be made in line with the governing legislation and criteria for this scheme. The HSE accepts no liability for healthcare costs availed of abroad which fails to meet the governing legislation, criteria and the HSE's administration requirements. The HSE reserves the right to seek any additional documentation deemed necessary to confirm the bona fides of the reimbursement claim and to ensure the smooth transition of the patient back to the Irish healthcare system. Please also retain some form of proof of travel to submit with your documentation.

Completion of Pro-Forma Invoice: Applicant/Patient

No liability shall attach to the Health Service Executive, its servants or agents, in respect of any costs or expenses incurred by the Patient or Applicant prior to a determination by the Health Service Executive, on this application and the results of such determination being communicated to the Applicant. Any arrangements made by the Applicant or Patient prior to such determination may not subsequently be ratified by the Health Service Executive, and may invalidate the application.

It is recommended the patient/applicant submits a fully completed pro-forma invoice accompanied by the supporting documentation to the HSE in order to claim reimbursement for the cost of treatment. The onus is on the patient to submit all the necessary original documentation to progress the claim for reimbursement. Incomplete documentation including the pro-forma invoices will be returned to the patient/applicant for provision of the appropriate information prior to re-submitting to the CBD office.

We strongly recommend you print off the pro-forma invoice and take it with you to the treating facility abroad so that the treating consultant can complete it for you prior to your discharge back to Ireland.

Section A

This part of the form is to be fully completed by the patient/applicant. All parts of the section must be completed; if a question is not relevant to you please mark same N/A e.g. if you do not hold a medical card mark that section N/A (not applicable).

Where a patient is under 18 years of age or is incapacitated, the form may be submitted on their behalf by a Parent/Guardian/Spouse/Partner.

Patients seeking reimbursement for inpatient care or day case treatment abroad must provide evidence of assessment at an outpatient consultation on a date prior to the inpatient or day case procedure either with the consultant abroad or with a consultant treating the patient in a public capacity in Ireland.

Section B

This part of the pro-forma invoice is to be fully completed by the patient's/applicant's treating clinician.

CODE OF ETHICS FOR CLINICAL CODERS

It is expected that all clinicians identifying a DRG code for the purpose of reimbursement under the provisions of the Cross Border Directive would be familiar with and adhere to the Code of Ethics for Clinical Coders. The identification of a DRG code for the purpose of reimbursement requires the clinician to be ethical and transparent in his/her selection. The selection of an incorrect code may lead to a patient being reimbursed an amount less than that applied for and confirmed at prior approval stage. Any such occurrence will be a matter for the patient to pursue with the clinician who identified the incorrect code and not for the HSE. The HSE reserves the right to have any DRG code identified, independently assessed to confirm its appropriateness this may include our accessing the patient's medical record for this purpose. Therefore in line with the Code of Ethics for Clinical Coders, a clinician identifying a code for the purpose of reimbursement will: ensure that clinical record content justifies selected DRG code.

When the pro-forma invoice has been fully completed, please return it to the above mentioned CBD offices.

Section C

This part of the pro-forma invoice is to be fully completed by the patient/applicant.

In completing this pro-forma invoice you must ensure the information you provide is accurate and true. Where false, misleading or inaccurate information and/or documentation is included the CBD Office will reserve the right to refer the matter to the appropriate authority. If monies have been issued on the basis of false, misleading or inaccurate information and/or documentation the HSE will pursue the immediate recoupment of same from the payee. The CBD office reserves the right to review a patient's medical chart to clarify any information as appropriate.

Processing

Pro-forma invoices will be processed as quickly as possible and on receipt of the fully completed paper work the target time frame will be 30 days. Please note that the Cross-Border Healthcare Directive does not provide for reimbursement of travel or subsistence costs incurred by patients.

SECTION C- (to be completed in full by Patient/Applicant)

I accept that in the event of the submission of false, misleading or inaccurate information or documentation for the purposes of seeking reimbursement from the HSE that the claim will be disqualified for any further consideration and that all outstanding costs will be a matter for myself.

I declare that the above particulars are true and correct. I am aware that reimbursement is based on the information provided by me and that any additional information coming to light may impact on the monies reimbursed and I will be liable to repay any monies secured by me on the basis of incorrect, misleading or omission of information.

I also agree to notify and arrange to refund to the HSE immediately should I receive any refund from the provider or any other party e.g. insurance provider, in respect of the treatments for which the costs were reimbursed to me by the HSE. Such reimbursement will be due to the HSE without delay and in the case of undue delay I understand that the HSE may seek interest on monies due.

* Reimbursement will be at the cost of the treatment you availed of abroad or the cost of providing the healthcare in Ireland whichever is the lesser. Please note that in the case of inpatient care abroad the HSE will deduct the inpatient levy charge as if the treatment were availed of in the public healthcare system in Ireland.. Healthcare in Ireland is funded through general taxation therefore the cost of the provision of the care is that funded through general taxation plus the inpatient levy that would have charged here in Ireland. Please also note that where healthcare is provided on an inpatient basis abroad but on an outpatient basis in Ireland the reimbursable rate will be the outpatient rate. Or where the healthcare would have been provided on a day case basis in Ireland but was provided on an inpatient basis abroad the reimbursable rate will be the day case rate. The public healthcare system is not required to assume costs it would not have otherwise assumed if the treatment had been provided in Ireland.
