Please Note:

Premier Safety will charge a diagnostic fee to provide a repair estimate on all items returned for repair that are not covered under warranty. Diagnostic fees may be higher on some specialized items. The diagnostic fee will be waived should the service estimate charges be accepted or a replacement is purchased thru the service department. The diagnostic fee will "NOT" be waived if you elect to reject the repairs after the estimate has been generated. This estimate is valid for 30 days. If we do not received a response from you within 30 days, based on the initial estimate date, your instrument will be returned and you will be billed the \$110.00 diagnostic fee.
