

## Calculator Accountability

### Agreement for Students enrolled at Butler High School

We are committed to working together to provide a calculator during testing at Butler High School to promote equity among students and a positive testing experience for each student. This contract is an agreement to work in partnership to ensure the successful attainment of our mutual goal.

As a student, I pledge to

- Use the calculator appropriately
- Avoid damaging and losing the calculator
- Pay for the calculator that I lose
- Return the calculator at the end of the testing session

As a parent/guardian

- Encourage appropriate use of the calculator
- Encourage my child to be responsible for the proper use of the calculator
- Return the calculator at the end of the testing session
- Pay for the calculator if it is lost

At Butler High School, we are committed to providing your student with the calculator needed for testing to support their testing experience.

There is no charge to borrow a calculator, but any lost calculator will be charged \$110.50. The fee will be added to the student's financial obligations. All financial obligations will need to be satisfied prior to participating in our Graduation Ceremony the student's senior year.

**Students are responsible for supplying their own batteries. (4 AAA)**
