

COVID-19 EMERGENCY ASSISTANCE APPLICATION

Missouri State University understands that for many of our students, the disruptions caused by COVID-19 mean more than simply transitioning to online or remote coursework. For many Bears, these disruptions can lead to food insecurity, uncertainty regarding housing arrangements, inability to pay institutional charges in order to register for a future term or graduate, or many other unforeseen consequences. However, when times get difficult MSU Bears come together. There are numerous emergency assistance programs in-place at Missouri State to help Bears in need. Please complete this form and return to the Office of Student Financial Aid at FinancialAid@MissouriState.edu and you will be directed to the emergency program best suited to your needs.
