Registration for a class creates a binding financial obligation that must be paid in full unless a student officially drops the class prior to the published deadline. Non-attendance does not relieve a student of his or her financial obligation. Students are held fully responsible for their selection of courses whether or not made in consultation with their advisor.

I agree to comply with College Policies and Procedures, including the Student Code of Conduct.

Directions for Students:

If the class you would like to add/register for has not started and you cannot register online:

1. Enter the Subject Code, Course Number, and CRN for the course.
2. Meet with a counselor/advisor to verify if you meet the assessment levels/prerequisites and obtain appropriate system override for the class you wish to take. If you have taken college courses elsewhere, you will need to provide unofficial transcript(s) or test scores so assessment levels/prerequisites can be verified.
3. Sign and take the form to the Office of Enrollment Services.

Warning: Reducing semester hours may affect your eligibility for: financial aid, health insurance through a parent, veterans' benefits, immigration status, or other benefits that require a minimum enrollment. F1 students may not change schedule below 12 billing hours or change to audit without permission from an **international student coordinator**. Athletes may not change schedule below 12 billing hours or change to audit without permission from the **Collegewide Athletic Coordinator**.

Note: If you are switching from credit to audit or audit to credit prior to the 20% meeting date for the course, indicate approval on page 1. If you are switching from audit to credit after the 20% date, you must receive instructor approval and petition the Campus Registrar. If you are switching from credit to audit and it is after the 20% date, you must first complete an Academic Appeal and check with Financial Aid (if applicable).
