

## **Thank you for your interest in Butler Green Farm's CSA Program!**

Butler Green has been growing organic fruits and vegetables on Bainbridge Island since 1984. We are presently farming 25 acres on the Island in various locations, including the Morales Public Farm and the Suyematsu-Bentryn Historic Farm. Our CSA Members help support us year-round while we provide fresh, local, and healthy food in return. Your financial support also allows us to provide numerous farm-based education programs for Bainbridge Island schools and beginning young farmers. Feel free to stop by the CSA Stand (see hours and location below) and take a look!
