

## Disciplinary Action Disclosure Form

Dear Doctor of Pharmacy Program Applicant,

Thank you for your application to University of Wisconsin-Madison School of Pharmacy's Doctor of Pharmacy (PharmD) program. We look forward to meeting you at the time of your admission interview.

A degree from the School of Pharmacy means that the graduate has achieved academic merit while demonstrating intellectual honesty, exemplary moral and ethical character, a responsible, civil attitude towards colleagues and patients, and a strong sense of personal integrity. For this reason, the Admissions Committee is requesting information from you regarding any incident that resulted in action being taken against you by an academic or professional group for failure to meet appropriate standards. All PharmD program applicants must provide this information.

Please respond to the questions on the pages that follow and bring your completed, signed form with you to your admission interview.

- If you are unclear as to whether a particular action must be reported, please contact the relevant academic institution or credentialing board as soon as possible, in advance of your admission interview. Inquire how the action appears in their records and, if necessary, ask them to assist you in its interpretation. If the action indicates a failure to meet academic or professional standards, you must report it here.
- If you answer YES to question 1 and/or question 3, you will not automatically be disqualified from admission to the PharmD program. The Admissions Committee understands that many individuals learn from the past and emerge stronger as a result. Full disclosure will enable us to more effectively evaluate this information within the context of your credentials. If you fail to provide accurate information when answering this question, you may jeopardize your application.
- If you answer YES to question 1 and/or question 3, provide an explanation in the box provided. Please be concise and limit your information to the space provided.

If you have other questions, a member of the admissions staff will be available to speak with you at the time of admission interviews.

Again, thank you for your application to our program.

Sincerely,

Pharm.D. Admissions
