Our Immunisations Policy

At Dicky Birds we strongly recommend that children are vaccinated in accordance with the government's health policy and their age. We ask parents to record information about immunisations on the child's Child Entry/Declaration and Consent Form and we ask that parents inform us if their children are not vaccinated so that we can manage any risks to their own child or other children/staff/parents in the best way possible.

We make all parents aware that some children are not vaccinated in the nursery, due to their age, medical reasons or parental choice. Our nursery does not discriminate against children who have not received their immunisations and will not disclose individual details to other parents.
