Date: [Date]

Dear [Recipient's Name],

It is with great pleasure and confidence that I recommend Kevin Martinez for an internship position in the field of computer science. As Kevin's professor in several advanced programming courses at the University of Technology, I have been impressed by his exceptional academic performance, innate curiosity, and commitment to applying his knowledge in practical settings.

Kevin's ability to grasp complex concepts and apply them to solve real-world problems is remarkable. His project on developing a machine learning model to predict academic success has been recognized for its innovation and potential impact on educational methodologies.

In addition to his technical skills, Kevin's leadership and teamwork abilities make him stand out. He has successfully led project teams, demonstrating a keen ability to motivate peers and navigate challenges effectively. His communication skills, both written and oral, are outstanding, allowing him to convey complex ideas clearly and persuasively.

Kevin's dedication to his personal and professional development, combined with his passion for computer science, makes him an ideal candidate for any internship position. I am confident that he will bring the same level of enthusiasm, creativity, and excellence to his work in the professional arena as he has in his academic pursuits.

I wholeheartedly support Kevin Martinez's application and am available to provide further information if required.

Sincerely,

Dr. Lisa Huang
